Several clients have asked us for a stackable chair with an upholstered back, and the Craftsman is our first. The padded back makes an already comfortable chair simply luxurious. Who would believe such an elegant and comfortable chair could stack up to 6 chairs high! The key to this design is our proprietary Eustis Joint®. Made with concealed steel rods and high-strength epoxies, our Eustis Joints® allow us to design elegant stackable chairs that carry an unprecedented 20-year warranty.
