

Oberlin

SPECIFICATIONS

Height: 40"
Seat Height: 18"
Width: 18.75"
Depth: 19.5"
Sitting Depth: 17.5"
Hardwood as Shown: Red Oak

The Oberlin chair was designed in collaboration with Boston architects Payette Associates and provided a design bridge between two off-the-self alternatives. Its curved back and graceful back slats and back posts give it a delicate elegance as well as easy comfort. The Oberlin can be produced in other American hardwoods and finished in a variety of stains.
