

Transporter

SPECIFICATIONS

Height: N/A
Seat Height: N/A
Width: N/A
Depth: N/A

The Transporter is a custom-made hand truck to transport individual stacks of our stackable chairs. Once moved to storage, the chair stack sits on the floor, so you only need to buy as many transporters as you have people moving chairs at any one time; we recommend one transporter per 100 chairs. Each Transporter is custom-made to the individual chair model so that there will be no damage to the chairs.
