Depth: 23"
Sitting Depth: 18"
Arm Height: 26.5"

At Eustis Chair we like to stick to classic designs, and you don't get much more classic than our Captain chair. Chairs like this have been produced by many companies over the past hundred years, but we recently realized that most of those companies are gone. We did not need to re-engineer this sturdy design, but have applied our usual craftsmanship to the production, in order to ensure that they last for decades.
