

Cascade

SPECIFICATIONS

Height: 32"
Seat Height: 17"
Width: 19"
Depth: 21"
Sitting Depth: 17"

The Cascade Side Chair is one of our first contemporary designs, as well as our first with round front and back posts. With a deep sitting depth, this chair can be comfortable for patrons of both short and tall statures. And because the Cascade is engineered with our proprietary Eustis Joint®, the chair is lightweight, has clean simple lines, and carries a 20-year warranty against joint failure.
