

Ivy League

SPECIFICATIONS

Height: 40"
Seat Height: 18.5"
Width: 19"
Depth: 23.5"
Sitting Depth: 17.5"

This chair was designed in collaboration with renowned New York City architect Robert Stern, and represents a simplified interpretation of the classic Chippendale style. It was originally designed for Harvard University and is now found in institutions nationwide! Like all of our university chairs, the Ivy League is designed and constructed to withstand many years of daily use.

Ivy League Arm

SPECIFICATIONS

Height: 40"
Seat Height: 18.5"
Width: 24"
Depth: 23.5"
Sitting Depth: 17"
Arm Height: 26"

Our designer hit the target when he developed the graceful arms and arm standards for this elegant chair, designed in the Chippendale style, in collaboration with NYC architect Robert Stern. Like all of our arm chairs designed for institutional use, the arms are attached to this chair using our proprietary Eustis Joint[®]; this insures that the elegant and comfortable Ivy League Arm Chair is also extremely durable.
