Height: 39"
Seat Height: 18"
Width: 24"
Depth: 24"
Sitting Depth: 18"
Arm Height: 26"

Phillips Exeter Academy sought a comfortable wood chair with arms for its faculty meeting room, and looked initially at our Charleston Arm chair. Their faculty found the Charleston a bit too straight, so we eased the back by 3 degrees and designed a slightly wider arm, creating the Elting Room chair. Executed in solid Cherry with our Autumn Cherry finish, this chair is every bit as elegant as it is comfortable. The Elting Room chair is made with our Eustis Joint® construction and comes with a 20 year warranty.
