Width: 22"
Depth: 23"
Sitting Depth: 17.5"
Arm Height: 26"

The Federal Reserve is our interpretation of the popular Bank of England style chair. Because the chair incorporates our proprietary Eustis Joint[®] in all critical strength areas, we were able to eliminate the stretchers and lighten up the lines of this traditional favorite without sacrificing the durability demanded by institutional clients. And the real proof is in the sitting: this design is our most comfortable chair to date and comes with a 20 year warranty protecting against joint failure.
