

Kennedy Club

SPECIFICATIONS

Height: 32"
Seat Height: 17.5"
Width: 24"
Depth: 23"
Sitting Depth: 17.5"
Arm Height: 27"

The Kennedy has been one of our most popular chair for club grillrooms, and the new Kennedy Club will be even more popular with the addition of an upholstered arm with traditional furniture nails. The chair still has the great comfort of the Kennedy, but with a slightly eased back, the way most people sit in a more casual dining environment. Carefully engineered with our proprietary Eustis Joint®, the Kennedy Club is available with or without casters, and comes with a 20 year warranty.
