Seat Height: 18"
Width: 19"
Depth: 21"
Sitting Depth: 17.5"

This chair, developed for a West Coast library, brings a contemporary look to the Eustis line without sacrificing the comfort and durability of our traditional styles. Because the stretchers in this chair are delicate, we used our proprietary Eustis Joint® for the critical seat joints, creating a chair with a 20-year warranty that can be expected to endure for generations.
