

Skillman

SPECIFICATIONS

Height: 39"
Seat Height: 18"
Width: 19"
Depth: 21"
Sitting Depth: 16"

This chair takes design aspects from two of our chairs, the Fairfield and the Bartlett Hall, to create a new look. Designed for an Arts & Crafts style library in Detroit, the architect and client were delighted with its comfort and style. Like all of our traditionally built chairs, the Skillman is engineered with our special “box construction” configuration, using oversized mortise & tenon joints and reinforcing dowel pins to create a chair that will endure for generations. It also comes with a 10 year warranty protecting against joint failure!
